2. Managing Consent

On your first visit, our consent banner lets you **Accept All**, **Reject All**, or **Customize**. Non-essential cookies are blocked until you opt in. You can change or withdraw consent at any time via the "Cookie Settings" link in our website footer or your browser settings. Withdrawing consent does not affect prior processing.

3. What This Policy Does Not Cover

This Policy concerns cookies and similar browser technologies only. It does not cover the operational data required to run your Bots — brokerage connection data, strategy parameters, orders and execution logs. That processing is necessary to deliver the service you have activated, is not consent-based, and is described in the Privacy Policy.

Rejecting analytics and marketing cookies does not affect your Bots. They will continue to operate normally.

4. Third-Party Cookies

Analytics and marketing partners may set their own cookies per their privacy policies. We contractually require them to respect your consent choices.
